The Children and Young People’s Plan has being replaced by a Plan on a Page which has being produced by the CYPS Partnership. This has being developed around six joint key priorities and is linked into the Health and Wellbeing strategy and Joints Strategic Needs Assessment.

This action plan underpins the plan on a page and identifies the high level actions, key links to existing work-streams, lead officers and delivery milestones. In addition overarching outcome measures have been selected which will allow the partnership to evidence the difference our joint working is making to the lives of children, young people and their families.
**PRIORITY 1:** We will ensure children have the best start in life

**Strategic Leads:** Frances Hunt, Assistant Head Of Ses: 0-7/Joanna Saunders, Head of Health Improvement – Rotherham Public Health

3. Young People’s Alcohol usage (Lifestyle Survey)
We will work with partners to eradicate child sexual exploitation

Strategic Lead: Jason Harwin, Chief Superintendent,

The Child Sexual Exploitation Strategy plan on a page

- **Prevent** making it more difficult to exploit children
- **Protect** identifying and safeguarding children who are at risk
- **Pursue** identifying offenders, disrupting and stopping their activity

Each partner will have in place its own agency action plan to support overall delivery of the Child Sexual Exploitation strategy.

The Rotherham Local Safeguarding Children Board, through a specific performance management framework will ensure partners work together effectively to achieve the shared key strategic priorities for 2013 – 2016 and will review progress on the delivery of the strategy on a quarterly basis.

They will also hold agencies to account through the outcome of Serious Case Reviews, joint Child Sexual Exploitation operations and a review of implementation of Learning Lessons Reviews.
